

# YE AUNG KHANT

FULLSTACK WEB  
DEVELOPER

## ABOUT ME

To work as a Software Engineer applying my knowledge in the field of testing, designing, and maintenance to cater to the specific needs of the people. I wish to work in a team of motivated individuals who wish to work towards the advancement of the company and its goals. I was easy to understand new technical skills and high problem solving skills. Works well as a team.

## EDUCATION

### University of Computer Studies (Banmaw)

- Computer Science and Software Engineering (major)
- Undergraduate

## PROJECTS

### Facebook Design Clone

- This project is a social media platform like facebook, but it is web design only. Including Dark/light mode system, navigation bar, menu bar, shortcut bar, events and conversation bar. It is used to HTML, CSS, Bootstrap and Javascript.
